THE LITURGY OF THE WORD

OPENING WORDS
Responses of the people are in bold.

This is the day that God has made;
Let us rejoice and be glad in it.

PRAYER OF THE DAY
May God be with you.
And also with you.

Let us pray:

May the door of this sanctuary be wide enough
to receive all who hunger for love,
all who are lonely for fellowship.

May it welcome all who have cares to unburden, thanks to express, hopes to nurture.

May the door of this sanctuary be narrow enough to shut out pettiness and pride, envy and enmity.

May its threshold be no stumbling block to young or straying feet.

May it be too high to admit complacency, selfishness, and harshness.

May this sanctuary be, for all who enter, the doorway to a richer and more meaningful life.

Amen.

Please be seated.

CLOSING VOLUNTARY

Concerto in A Minor

Vivaldi/Bach

(Allegro)
Sing Praise to God, Who Has Shaped (New Century #22)
Where Charity and Love Prevail

Where charity and love prevail,
There God is ever found;
Brought here together by Christ’s love,
By love are we thus bound.

With grateful joy and holy fear
True charity we learn;
Let us with heart and mind and strength
Now love Christ in return.

Forgive we now each other’s faults
As we our faults confess;
And let us love each other well
In Christian holiness.

Let strife among us be unknown,
Let all contention cease;
Be Christ the glory that we seek,
Be ours Christ’s holy peace.

The What Matters to Me and Why series encourages reflection within the Stanford community on matters of personal values, beliefs, and motivations in order to better understand the lives and inspirations of those who shape the University.

The first talk of this year’s series features David Kelley. As Stanford’s Donald W. Whittier Professor in Mechanical Engineering, Kelley is the Academic Director of both the degree-granting undergraduate and graduate programs in design within the School of Engineering, and has been a professor in the program for more than 35 years. He is a graduate of Carnegie Mellon University and earned his master’s degree from Stanford University in Engineering/Product Design. Professor Kelley is the founder and chairman of the global design and innovation company, IDEO. He also founded Stanford’s Hasso Plattner Institute of Design, known as the d.school.
